The New Station.

As has been stated in the Gazette, Postmaster Merritt, who opposes the laying of tracks by the W., A. & M. V. R. W. on Twelfth street in Washington, did not seriously intend the Commissioners of the District of Columbia at the hearing yesterday. Little encouragement was given him, although the District officials will take the matter under consideration for a few days. In addition to the intimation that the route selected for the road will not be changed, Commissioner Macfarland, president of the Board of Commissioners, frankly told Mr. Merritt that the Commissioners would hesitate to change the route, if in view of the objections raised by him, the route still seemed practicable. Besides Postmaster Merritt, who was present as the representative of Postmaster General Payne, there were at the hearing Allison Nailor, Jr., Leo P. Harlow, Joseph Crawford, general agent for the Pennsylvania Railroad, and Joseph Colvin, superintendent of the Washington, Alexandria and Mount Vernon Railway. Before adjourning the hearing Mr. Leo P. Harlow, attorney for the Washington and Alexandria Commuters' Association, asked that the association be informed if a new location is to be selected. With the statement that the matter would be considered the hearing adjourned.

The Market.

The market this morning was not over-abundantly supplied with country produce, although there was enough to meet the demand. The uncertain weather conditions of last night and early this morning doubtless caused some country people to remain at home. Prices ranged as follows: Butter 30c a pound; eggs 22c a dozen; dressed chickens (five) 75c each; live 25c each; cabbage 5c a head; lettuce 34c a head; green corn 20c a dozen; radishes 34c a bunch; cucumbers 24c each; onions 15c a dozen; beets 24c a bunch; tomatoes 20c a dozen; new potatoes 10c; snap beans 10c half peck; peas 7c a quarter peck; cymilings 20c a dozen; apples 54c a quarter peck; peaches 8c a box; blackberries 10c; cherries 7c; cantaloupes 64c each; watermelons 34c a dozen. Prices of meat were unchanged. Beef 54c a pound; veal 10c a pound; lamb 12c a pound; pork 12c; salt beef 54c. Smoked meats were also unchanged in price. The fish dealers had some fine varieties. Fresh mackerel 15c a pound; trout 10c; salmon 15c a pound; rock, butterfish and croakers 10c a pound; crabs 8c a dozen. There was an abundance of flowers.

Daniel Hart, arrested by Officers Young and Henderson charged with vagrancy, was dismissed.

Hattie Lomax, colored, arrested by Officers Beach and Knight charged with abusive language toward Emma Johnson was dismissed.

A Greek fruit dealer, charged with conducting business without a license, was fined \$5. Another dealer, charged with a similar offense, had his case continued.

Trustee Appointed.

In the case of Elizabeth Dietrich against Frederick J. Palf, Judge Barley in the Corporation Court yesterday evening entered a decree ordering the property to be turned over to Albert E. Dietrich, trustee. The Supreme Court of the District of Columbia passed a similar decree a few days ago. The property in question was part of the estate of the late Frederick Palf, and was immediately transferred in accordance with the decree, which was agreed to by all concerned. The complainant was represented by Attorney H. Winslip Wheatley, and the defendant by Attorney Gardner L. Bothe.

The water mains throughout the city were flushed today.

Junior Order of Mechanics. Alexandria Council, No. 33, held an interesting meeting Thursday evening which was largely attended. The degrees of the order were conferred upon two candidates, after which Deputy State Councilor Wm. H. Lyles installed the following officers for the ensuing six months: Jr. P. C., J. T. Southard; counselor, J. F. Peverill; vice counselor, A. A. Paul; recording secretary, James R. Mansfield; assistant do., J. W. Willis; financial secretary, F. C. Elliott; treasurer, G. H. The reports of the officials of the council for the past quarter show the organization to be in splendid condition financially with a membership of 323, which is still growing. With one exception this council has the largest membership of any organization in the city.

River Notes.

The U. S. training ship Yankton, with about sixty landmen apprentices aboard, anchored off this port late yesterday evening. The Yankton came from Norfolk, and will remain here until Monday morning. The vessel is in command of Capt. Douglas.

The schooner Hattie C. Wheatley is being loaded with ground plaster for Edenton, N. C., by the Bryant Fertilizing Co.

The steamer Jane Moseley, after having received sundry repairs, passed up the river today. She will run excursions during the summer.

The Weather.

Alternate heat waves and rains have characterized meteorological conditions hereabouts for the past few days. The weather yesterday was sultry and uncomfortable, and the rain which fell about the close of the day did not lower the temperature. The humidity, in fact, rendered conditions more uncomfortable.

Later in the night, however, the atmosphere became more pleasant and by this morning there was a decided fall in the mercury with threatening conditions.

Case Reassigned.

In the United States Court of Claims in vacation in Washington yesterday, George A. Nowland, administrator of James B. Beaver, submitted to the above court a motion to vacate an order of that court issued in 1901, and each of the contentions of the above administrator was fully sustained and the case reassigned. The question involved was the taking of private property from a loyal citizen during the war between the States.

Sale of Formaldehyde Stock.

In order to settle the estate of the late Richard P. Kuhn, Mr. S. H. Lunt sold at auction today at the entrance to the Corporation Court room on Fairfax street, for R. H. Cox, administrator, forty shares of the Kuhn Formaldehyde Generator Company to James F. Peyton for \$14 per share.

Charter.

Judge Nicol of the Circuit Court has approved the application for a charter of the Northern Real Estate Corporation, the object of which is to conduct a general real estate business. Mr. D. H. Brewer, of Washington, is president, and Mr. L. H. Machen the attorney for this city.

Excursion Next Tuesday.

The excursion of the Young Men's Sodality Lyceum to Marshall Hall next Tuesday, like all others given by that organization, promises to be an enjoyable affair. Those who may accompany the Lyceum are assured a day of enjoyment.

Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. E. B. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by E. S. Leadbetter & Sons, druggists.

Charles Walters, of Altoona, Pa., while driving over the Alleghenies with a large sum of money was held up by a lone highwayman. When the fellow seized the horse he fired a shot at Walters. The animal reared and struck the robber down with his forefeet, then ran off down the mountain. Walters was slightly wounded by the shot.

The safe and office of the Wyoming Valley Ice Company, in Wilkesbarre, Pa., was wrecked by burglars at an early hour this morning. Only \$50 in money was secured, but the damage to the property of the ice company will reach \$1,000.

The nude body of a woman was found floating in the East river at the foot of Pacific street, Brooklyn, this morning. A bag was tied around one of the legs above the knee.

Fred. S. Carpenter, formerly a well-known newspaper man and now general freight agent of the Mahoning Valley Traction System, was perhaps fatally wounded in New Castle, Pa., today, by the accidental discharge of a revolver.
